**ICS 100**

For those of you who have not done so, please go to [rockysar.com](http://rockysar.com), click on the training tab and follow the link to complete your ICS 100. It is mandatory to have this course prior to going into the field on a search. We also hope in the future to have additional training in Incident Command for those of you who have completed the 100 level. The training material and exam are available online.

**FIRST AID**

Please make sure that your First Aid/CPR is up-to-date and that there is a copy in your file. This is mandated by the RCMP, if we do not have a copy on file then you cannot enter the field as an active searcher.
